EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Albert S. Michalik, Reg. No. 37,395 on October 20, 2004.

2. The title has been amended as follows:

--- System and method for converting and reconvertng between file system request and access request of a remote transfer protocol ---.

3. The application has been amended as follows:

In claims

Claim 1, line 6, insert before read --- file system ---;

Claim 3, line 2, insert before read --- file system ---;

REASONS FOR ALLOWANCE

4. The following is an examiner's statement of reasons for allowance: The claimed invention provides the novel use of method for both converting a file system read request (i.e., block request) to an access request of remote transfer protocol (i.e., HTTP

byte range request) in order to communicate the access request to a remote server (i.e., HTTP server) and reconvert the received data of remote transfer protocol to correspond to the file system read request in order to access the resource properly by client device, which was not taught or suggested by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
